

National Jensen Rally, 2006

In 2006, the National Jensen Rally was held in Clare SA. Jensen owners and enthusiasts from all over Australia made the long trek. Here is the Copeland crew crossing the NSW/SA border west of Broken Hill in their 'non-Jensen' transport.

... as we got closer to the rally we started to get a bit worried ... these guys were 'Mad'.

... you can say that again!! Where's max???

We needn't have worried though. When we arrived, the company was good and the cars were great. 28 Jensens were present over the weekend.
