

## Transcript of Record

Name : **Jimao Zhong**

Student No.: **617396**

Course : **Master of Science  
in Electrical Engineering / System Design and Technology**

Semester : **1 (WS 2001/2002) / SS 2002**

|  |             |            |
|--|-------------|------------|
| <b>Basics of System Design</b>                           | <b>good</b> | <b>1,6</b> |
| System Specification & Design                            |             |            |
| Digital Signal Processing                                |             |            |
| Advanced Programming Techniques                          |             |            |
| <b>Communications</b>                                    | <b>good</b> | <b>2,2</b> |
| Advanced Information Networks                            |             |            |
| Advanced Communication Systems and Optical Communication |             |            |
| <b>Principles of Communications</b>                      | <b>good</b> | <b>1,6</b> |
| Information Networks                                     |             |            |
| Communication Principles                                 |             |            |
| Advanced Modulation Principles                           |             |            |
| <b>Technical Management</b>                              | <b>good</b> | <b>1,7</b> |
| Project Management, Software Engineering, Team Project   |             |            |

Darmstadt, Okt. 22, 2002

Head of the Examination Board

(Prof. W. Köster)

| German grading system |                             | Percentage |
|-----------------------|-----------------------------|------------|
| 1.0                   | sehr gut / excellent        | 87 - 100 % |
| 1.3                   |                             | 81 - 86 %  |
| 1.7                   | gut / good                  | 76 - 80 %  |
| 2.0                   |                             | 71 - 75 %  |
| 2.3                   |                             | 64 - 70 %  |
| 2.7                   | befriedigend / satisfactory | 59 - 63 %  |
| 3.0                   |                             | 54 - 58 %  |
| 3.3                   |                             | 47 - 53 %  |
| 3.7                   | ausreichend / passed        | 42 - 46 %  |
| 4.0                   |                             | 40 - 41 %  |
