CHILD SUPPORT STANDARDS CHART
prepared by
NEW YORK STATE OFFICE OF TEMPORARY AND DISABILITY ASSISTANCE
DIVISION OF CHILD SUPPORT ENFORCEMENT

This Child Support Standards Chart can be used to determine an approximate annual child support obligation. For a detailed, legal explanation of all factors used by the court in calculating a child support obligation, you should consult section 413 of the Family Court Act. Please note, for incomes that fall within the stated chart intervals, use of the percentages listed below will result in a more precise calculation than the interval amounts included in this chart.

The current poverty income guideline amount for a single person as reported by the United States Department of Health and Human Services is \$10,400 and the current self-support reserve is \$14,040.

Note: Where the total income of both parents exceeds \$80,000 the law permits, but does not require, the use of the Child Support Percentages in calculating the child support obligation on the income above \$80,000.

Child Support Percentages

One Child	17%
Two Children	25%
Three Children	29%
Four Children	31%
Five + Children	no less than 35%
