

Dedicated fans have come
To celebrate Year 21
Of parties held to celebrate
Your very special natal date.

Chi-Town is the place to be
For the yearly jubilee,
Where good friends gather to declare
Their Diamond Music Love Affair.

Please consider this a clue
That we are really missing you!
We're all sad and anxious too
At the lack of concert news.

If we act delirious,
Don't think that it's mysterious.
It's 'Neilove' we suffer from,
Something we can't overcome

Unless we utilize each chance
To get together, sing, and dance.
It's therapy for symptoms of
Incurable Delirious Love.

We hope that when you get this card
You smile when you read our regards,
And realize how good we feel
When we write, "Happy Birthday, Neil."
