

TRAVEL TIPS

1  Green-and-gold accents and a large gothic “A” make your luggage distinctive and easily identifiable.

2  A comfy window seat is recommended for a better view of Eric Chavez’s home runs leaving the Coliseum.

3  During your next flight, request two packages of peanuts. Save one for a treat on the way to the game.

4  An A’s Brand foam finger is ideal for storage in the overhead compartment, as it retains its shape after being squished. It will also not harm fellow passengers if it should fall on them, but will gently remind them of your allegiance.

5  Treat your fellow passengers with courtesy and respect, even if they refuse to take off that other team’s hat that makes their head look strangely misshapen.
