Sponsors: Senator Ohler, Senator Bahr

Whereas senators should raise their hands and wait to be recognized in order to motion or to speak on the floor, and

Whereas the senator who raises his or her hand first shall be recognized, and

Whereas the Senate is required to follow Robert's Rules of Order and should have only one vote on a bill, or on a portion of a divided bill, and accordingly should proceed to the next bill on the agenda after the single vote and not re-vote, therefore

Be it resolved that the leaders of the Senate shall ensure that these provisions are followed.
