This message is a reminder to Team Managers about the “TravelGuide for Teams” and Official Clarifications.

As of early January, the “TravelGuide for Teams” has been uploaded to the International site at www.destinationimagination.org. (Just check the bottom corner of the home page.) This 31-page document describes itself as “everything your team needs to know about preparing for your tournament, including: What will happen at the Presentation site, who’s who on the Appraisal Team, how teams are awarded points, and lots more!”

At least once a week, it is the Team Manager’s responsibility to check the Official Clarifications site (<http://www.destinationimagination.org/program/clarifications.htm>) for Published Clarifications. These clarifications **supercede** the Challenge rules. Teams may request up to 10 Team Clarifications until midnight, February 15. Please print the International response to your clarification request(s) and bring a copy to the Tournament.

The following Published Clarifications have been issued:

- Dizzy Derby (9 clarifications, last issued Jan. 19)
- Sudden SerenDipity (1 clarification issued Dec. 23)
- Live! It’s RaDio DI! (3 clarifications, last issued Nov. 18)
- IMPROVing Along (2 clarifications issued Dec. 23)
- DIsigning Bridges (3 clarifications, last issued Jan. 4)

As always, please feel free to contact me with questions.
