

GIRL SCOUTS
of the South Jersey Pines

JUNIOR TROOP 5329

MOORESTOWN, NJ

- * New Jersey is the world leader in blueberry and cranberry production (and here you thought Massachusetts?)
- * You know that this is the only "New..."state that doesn't require "New" to identify it (try...Mexico,...York, ...Hampshire - doesn't work, does it?)
- * The light bulb, phonograph (record player) and motion picture projector were invented by Thomas Edison in his Menlo Park, NJ laboratory.
- * We also boast the first town ever lit by incandescent bulbs.
- * Moorestown is the home of 1998 Miss America Kate Shindle

Happy Thinking Day from Junior Troop 5329 of Moorestown, NJ. Moorestown is located 17 miles over the river from Philadelphia, PA. There are 9 of us, and most are new to Girl Scouts this year. So far we've earned three badges, gone to Cookie College, had a picnic and gone on to a ceramics studio (we were snowed out of our holiday parade). Right now we're learning about Italy for Thinking Day and selling cookies. Next month we're hosting an Easter Egg Hunt and preparing to go camping at the end of April. We're having lots of fun this year!

Leaders: Sandi, Lori & Jenn

Girls: Sydney, Elizabeth, Kayla, Jessica, Victoria, Melissa, Carolyn, Angella & Stephanie
