Girl Scouts of Citrus Council

# ABOUT THE EVENT

On March 23rd Cadette Troop 2047 hosted a Brownie Lock-In Luau for the Brownies in Green Oaks Service Unit. The event was attended by 118 Brownie Girl Scouts from 12 of the 15 Brownie Troops in the Service Unit.

The Cadette Girl Scouts gave up a good deal of their time this year planning and preparing for the overnight service project, which was not used as a requirement for any IP, Charm, or Award. This was a service project for the sake of **service.**

# EVENT DETAILS

The Cadettes planned the program around helping the Brownies to earn the Aloha Program patch from the Girl Scout Council of Hawaii, and worked diligently to ensure that all requirements were met throughout the event. All troop Mom's were on hand helping their Cadettes make this event the great success they had planned. The Brownies all received a souvenir Troop Photo, 2 snacks, breakfast, the Aloha patch, and a special event patch and T-Shirt.

The Brownie Girl Scouts were divided into pre-assigned groups that were named for the flowers of the islands of Hawaii, and had matching lei's to identify their groups. Each group consisted of girls from different Brownie troops to help them "make new friends" with other Brownies in the service unit. The Brownies and their adult leaders were taken on an Island Hopping Tour, with stations named for the Islands of Hawaii, and each Island creatively helped the Brownies to earn one or more requirement of the Aloha Program patch.

# ISLAND TOURS AND HIGHLIGHTS

Highlights from the event included a pre-event activity of each Brownie writing her name on a flower and adding it to a giant Lei being sent to the Girl Scout Council of Hawaii as a thank you for having the patch available for those of us “off Island”.

On the Island of **Maui** the Brownies met the requirement of learning of a local endangered species by making “Schuss Swallowtail Butterfly” table favors as a service project for the Taft Center Senior Luncheon. When visiting the Island of **Kaua’i** the Brownies enjoyed making and exploding a volcano, and made a special SWAP for the event. As a visitor on the Island of **O’ahu** the Brownies learned about the ancient games of Hawaii, played some modern versions, and participated in a Hula Hoop contest.

The Island of **Kaho’olawe** was a favorite destination where the Brownies munched on popcorn and Hula Punch, while watching a few of the cultural scenes from the Disney favorite “Lilo and Stitch” The Island of **Moloka’i** was a place for a few minutes of quiet time, coloring in their special books made with wonderful clip art of the Girl Scouts of Hawaii Council. The Brownie visitors to the Island of **Ni’ihau** were taught a Hawaiian Grace, part of the Girl Scout Promise in the native Hawaiian language, and a special Lock-In Hula dance. The **Lana’i** was the top destination featuring a Luau feast for everyone to sample, including Pineapple fruit Ka-Bob’s, Macadam Nuts and traditional Coconut Cake.

# LEADER NOTES

While the Brownie Leader surveys have all been overwhelmingly positive, and the Brownies obviously enjoyed the event, the real joy was seeing the Older Girls managing the event from start to finish, enjoying the process of sharing their skills and experience with the younger girls.

This is the third successful Brownie event that Troop 2047 has produced. In 2003, as first year Junior Girl Scouts, they earned their Bronze Award by planning and hosting the Brownie Health and Safety Fair day. In 2006 the first year Cadettes earned their Silver Career Charm as a step towards their Silver Award by planning and hosting the 2006 Girls Rule Brownie Lock-In. The links below have details on those events.

<http://www.geocities.com/jyescouts/bronze.html>

<http://www.geocities.com/jyescouts/lockin06.html>

As all 9 Cadettes have decided to “Early Bird” again for their 10<sup>th</sup> year together as a troop .... It’s safe to say we can expect great things!
