

## SPIRIT AND TRUTH

Spirit and Truth that starts with our own souls is absolutely essential to the collective worship. When there is sin in the camp, we all suffer. This is not a place where you can come and hide. The call that we have as a ministry requires that we call out sin and get rid of it (or the person themselves if they persist in their rebellion.)

Some of you here have aspirations of a certain mantle, a position either with us or in the Body of Messiah at large, but you're not willing to wait, be still long enough to listen to YAH's voice. In Exodus 32, the children of Israel grew impatient when Moses took so long on the Mountain. They decided to do things their way! These are the Last Days! WE CAN NOT AFFORD TO HAVE THINGS OUR WAY! And we can't hide our sin. Remember Annas and Sapphira who thought they could lie to the Holy Spirit? Judgment was immediate and we are again moving into a time when judgment will be immediate! You can't afford to play. It is time to tighten up, be holy and I mean holy in the place that only YAH sees. Bring every thought captive to Him and if He has told you to stop doing something, then be certain of this! HE HASN'T CHANGED HIS MIND! You are just being rebellious and "rebellion is as witchcraft!" 1Sam.15:23.

There may be a place of authority for you in the Father's plan. There may be a place for you here in this ministry. But until your life is clean and your rebellion against YAH's instructions to you have stopped, you will never get to square one! Never! A slight modification to an Order is disobedience to the Order. Not doing things in the way that you have been instructed equates to simply doing things the way YOU want to do them. And where has that gotten you so far? It brings you crying at the feet of the Savior when you're finally made to eat the fruit of your decision. The consequences are always far weightier than we ever dreamed they would be.

A look at our children will show us how far each of us has come in overcoming our own faults. They are our offspring! And they do not make themselves. They can only become the products of what they have learned from us! And we cannot with authority demand a correction of a certain attitude or behavior that we see in them if that same attitude or behavior is still a problem in us.

He desires to see us transformed into His image. Let's help speed that process along and stop grieving His heart! We are the apple of His eye! Do you know what that means? When you stand face to face with someone, if you are close to them to see the iris of their eye, what is it that you see? What you see is a reflection of yourself. So, what the Bridegroom of our souls is saying when He says that we are the apple of His eye is that He sees the reflection of Himself when He looks at us! He has faith in us! Let us live up to the call!
