

# Kamy Callow

## GRAPHIC DESIGNER

### ABOUT ME

I was born in Fort Belvoir, Virginia and raised in Aurora, Colorado. I have worked on computer graphic designs since I was 10 years old, originally using the old 'Paint' application, so Graphic Design was a natural path for me to follow. I love creating things and being artistic. I would say my strengths are :(1) I have excellent time management skills, (2) an ability to visualize abstract ideas, (3) a quick and witty sense of humor, (4) effective communication skills, (5) and a strong sense of design. Creating an effective design that is both functional and artistic is one of the most satisfying problem-solving solutions. Besides design and art, I love playing with my dogs, learning about unusual facts, listening to music and cooking. I am excited to continue my career with you and look forward to working with you creatively.
