KANESHI-ACCRA.

I salute you in the name of our Lord Jesus Christ. In the first place, I thank you for the wisdom and knowledge you impart to me free of charge, the short time I have known you. May God bless you and prosper all your endeavours.

Nana, everytime I see you I have a touch in my heart that I have meet the saviour of my family. That poor helpless family of mine. The bible teaches us to ask, seek and knock. If I do not tell you my problem you would not know.

My humble request is, planned for me new goals beyond my comprehension and help my family out out of the pit, and bring it up. So that those who thought God had forsaken me will wonder when they see this family coming up. Nana, I know you can do it by the grace of God. Nana, I know you are a man of wisdom

and integrity so whatever you can do to redeem my poor family is known to you. My humble prayer for you is May God straighten you, and increase your greatness and comfort you on every side of your endeavours. God bless you. Once again I say thank you. I hope this my humble but big request will meet your kind consideration and action.

Yours brother in Christ
