Please sign and date.

I understand and agree that Kate L. Huver, Dog Antics, and the property owner(s) where classes take place are not liable for damage or injury to any person, animal, or property which results from the training and or behavior of my pet. Kate L. Huver is not liable for any expenses incurred with my pet's participation in this program. It is also my responsibility to ensure my pet is fully vaccinated and in adequate health. Children may attend class but must also learn appropriate manners in regards to petting and approaching dogs.

Please let me know if you will be missing any class for any reason.

Keep this page for your records

- The free seminar and enrollment day of class is for anyone wishing to gain more information on dog training. Those intending to sign up for class should attend this seminar.
- Please send proof of vaccinations or bring them to the first class: distemper/ parvo combo, rabies, bordetella (Or whichever vaccinations your vet recommends. (Varies with age).
- No refunds will be made.
- Most classes are held outdoors, your instructor lives a long ways from town, so please call and advise on any poor conditions. Make up sessions will be schedule at no further cost, only if the class is cancelled before the instructor shows up.
- Pleas call if you question weather or not to bring your dog due to illness.
- Owners who are abusive to their dogs or have children who will not behave may be asked to leave.
- You will need to bring to class each week:
 - Small training treats
 - A motivational dog toy
 - Your dog on a regular buckle collar or other “approved” training equipment.
 - A leather or cloth training lead that is 4-6 feet long. (NO CHAIN COLLARS LEASHES OR FLEXI)
- I do not allow choke chains
- Please call with any questions or concerns, or if you will not be able to make it to class. Makeup classes will only be provided to those who contact the instructor ahead of time.

Guarantee: Progress! I guarantee that I can help, but please understand that training an animal is a lifelong task. You will see a huge change in your dog over the next few weeks, but how much will depend on the amount of time you spend with him/her. The best training is done in and out of the home and worked on every day. I simply give you the tools to get started. It is your responsibility to let me know ASAP if you need more help or have concerns. One problem may have many possible solutions. Some situations may require the help of a qualified animal behaviorist.

“Realistic Training” is based on the principal that what may work for one person or dog does not always work for the next. Individualized care in training is a must. Having a great pet is not just training; but includes proper nutrition, exercise, socialization and security. Please keep in contact with me. 307 867-BARK, 307-921-0116(cell), or you can e-mail me dogantics@gmail.com
