

RUSH & CO.

Arbonne Independent Consultants

Most consumers want to live long, healthy lives. Are you aware that "prevention" is the key? What products do you use on an everyday basis? Do you know what is in them? How Well Do You Know Arbonne products & ingredients and how they directly can address some health related issues? **Take the True and False Quiz – You may be surprised how important your choice of consuming Arbonne products are to you and your family's health!!**

Arbonne is a 28 year old company? **TRUE**

However, many people have still never heard of Arbonne. You can help us get the word out.

Arbonne is recommended by plastic surgeons? **TRUE**

Many plastic surgeons, dermatologists and estheticians recommend our products. Why? RESULTS.

60% of what you put on your skin goes into your bloodstream? **TRUE**

Did you know that the EPA has found that it takes just 26 seconds after exposure for chemicals to be found in every organ of the body? Think about all the personal care products you used today....shampoo, conditioner, shaving cream, and moisturizer. Did you take the time to look at the ingredients?

Only 20% of all personal care products are tested for safety. **FALSE**

11% of personal care products are tested for safety. Federal law doesn't require companies to test products or ingredients for safety before they are sold.

The UK has banned 1,100 ingredients in skin care. **TRUE**

The US has banned only 500 ingredients in most skin care in the US. **FALSE**

The US has banned only 10!! Arbonne follows European standards. Mineral oil is the number one ingredient in most skin care in the US. Go thru your cabinets; look at the first ingredient (#1) on your skincare. Do you know where mineral oil comes from? Black Crude Oil which makes it a petroleum product.

The US E.P.A. found that 100% of perfumes contain a chemical that can cause liver, kidney and brain damage. **TRUE**

The chemical is "toluene" and can even cause damage to a developing fetus. Thankfully, Arbonne products are free of artificial dyes and fragrances.

Rendering Plants are places that recycle dead animal. **TRUE**

Some of the most prestigious cosmetic companies in the country are the chief customers of rendering plants. www.jivdaya.org/rendering_plants.htm

According to one study babies are born with toxic chemicals in their blood. **TRUE**

A 2005 study found 287 toxins in umbilical cords of babies. These toxins were linked to cancer, brain disorders and birth defects. www.earthtimes.org/articles/show/3540.html If this many toxins can be found in newborns, think about what they could find in you and me!

ADDITIONAL FACTS ABOUT YOUR ARBONNE PRODUCTS:

Women's skin ages faster than men's. It may not be fair, but it is true. Women lose collagen at a faster rate than men, leading to bags, sags and wrinkles. Independent studies revealed after 6 months of using Arbonne's REg system, individuals could increase their own collagen production over 300%. There is not another skin care product on the market that can claim this. The entire REg line lasts 4 to 6 months.

Women who drink green tea regularly have a lower incidence of breast cancer. Over 30 different research articles indicate that EGCG (a component in green tea) suppresses the spread of several different cancers. The herb Rhodiola can reverse depression. In one clinical trial 150 individuals suffering from depression took Rhodiola rosea extracts for a period of one month. At the end of that period two-thirds of them had full remission. For the benefits of these ingredients, drink Arbonne's Fizzy drink. It contains all the health benefits of green tea, the mood enhancing qualities of Rhodiola, boosts metabolism, controls your appetite and is free of sugar & artificial sweeteners.

The herb Elderberry has been shown to effectively fight against 8 different strains of flu, with 90% of the patients in one test group claiming complete recovery from all flu symptoms in 3 days: Elderberry, Red Bell Pepper, Tomato, Blueberry, Broccoli Sprouts, Parsley, Boysenberry, Pumpkin and Raspberry contain clinically proven compounds that fight diseases. ALL are found in Arbonne's Smart Nutritional Hybrids.

Something many individuals do not know – The FDA does not regulate the vitamin industry. Many supplements on the market contain toxic ingredients such as Zinc Oxide (used in paint and glue) and Sodium Borate (used in pesticides) are found in most popular vitamins and mineral supplements on the market.

Enzymes control every function of the human body. A body deficient of digestive enzymes is subject to disease. Unfortunately, by the age of 40 the average person manufactures only 1/2 of the digestive enzymes needed for optimal health. A lack of digestive enzymes will cause bloating, gas, constipation, bad breath, indigestion and even fatigue. Unfortunately very few multi/vitamin supplements contain even 1 digestive enzyme. Arbonne Hybrid vitamins contain 13!!!!

In addition, the hybrids are complete nutrition from concentrated whole foods that fight disease. They contain 3 different kinds of absorbable calcium to build bones and because they are "food" they absorb quickly. If you don't notice improved energy and health in 30 days, you will get your money back. ALL ARBONNE PRODUCTS CARRY A 45 DAY MONEY BACK GUARANTEE.
