- Childcare Provider*
- I am responsible for a mentally handicapped girl and her younger brother. During the school months, I pick them up from school at 3:30pm and watch them until 5pm. In the summer months, I watch them from 8am until 5pm. I work with the girl on her motor skills, some sign language, and how to do everyday functions (i.e. washing her hands, sorting laundry, setting a table and putting dishes away). I also tutor her brother in reading and mathematics.
