SOMETHING EXCITING FOR ALL AGE GROUPS

Kirksville's Family Aquatic Center was built at a cost of \$2.9 million, and opened in 1999.

Voters approved a one-half cent sales tax in April of 1998 which will automatically expire in March of 2001.

The facility was designed by Counsilman/Hunsaker and Associates, the same firm that designed the swimming venue for the 1996 Summer Olympic Games in Atlanta.

Kirksville welcomes you to our community Aquatic Center.
