Dear Sandy and Jim,

We thank you for using your time to talk about Brya and Ashley. I learnt a lot about that breed of dog. Their bodies were soft and beautiful. Their brains are like a man's brain. They are very intelligent. When I saw your dogs I thought I would like to grow a dog like your dogs. They both behaved very well. I was very impressed when I saw the tricks that Brya and Ashley did. I hope that your dogs will be the best dogs in New Zealand. So I thank you very much for teaching me about your dogs.

Yours faithfully,

B. Krishna.
