

April 2006

Student of the Month

Andrew Lamm

The April Student of the Month is Andrew Lamm. Andrew is the son of Mark and Linda Rappe of Kasson and Bob Lamm of Kasson.

Andy spends his free time playing video games, rollerblading, skateboarding, and sailing, skiing and tubing at his family's cabin on Duck Lake. Andy also works part-time at Hy-Vee where he has worked for the past three years and will continue to work there while in college.

After graduation, Andy will be attending South Central Technical College where he will study Computer Science. He hopes to one day work for a computer technology company.
