

**February 2006**

**Student of the Month**

**Drew Dorschner**

---

The February Student of the Month is Drew Dorschner. Drew is the son of Al and Lois Dorschner of Mantorville.

Academically, Drew has achieved a 3.949 grade point average over his high school career which has also earned him honor roll status. He is ranked eleventh in his senior class of 115 students.

In school, Drew has kept himself busy with sports and clubs including Soccer, Basketball, Student Council (President), Class Officer (Co-President), FCCLA, AFS, Knowledge Bowl, and Link Crew.

Outside of school, Drew is a lifeguard at the Kasson Pool during the summer where he also teaches swimming lessons and a coach for the Kasson Swim Team. Drew has also participated on a mission trip to Honduras with his church.

One philosophy that Drew has lived by comes from his grandfather who used to say, "work before play". Drew states that it has been a philosophy that has always put him in the right direction, whether it is school or sports, and, in turn, has made him a successful person.

After graduation Drew plans to attend either St. John's University or the University of St. Thomas to major in Biology with a double minor in Sports Medicine and Spanish.
