

The Clergy Task Force

*of the Knox County, Tennessee
Community Coalition on
Family Violence*

~

Statement of Purpose

We are a group of clergy and religious leaders, representing a broad spectrum of faith traditions, whose purpose is to provide education, advocacy, and support for our colleagues in ministry to:

- minister to victims of family violence;
- work to prevent family violence in our community; and
- find common ground as spiritual leaders to address an issue which affects people of all religions, backgrounds, and classes.
