

HOLMES TRAILERS

WARRANTY INFORMATION:

Holmes Enterprises, Inc., hereinafter referred to as manufacturer, unconditionally warrants each trailer to be free from defects in material and workmanship for one (1) year under normal wear and tear at rated load capacity.

The warranty begins on the date that the trailer is put into service with a limit of two (2) years from shipments from the manufacturer.

The warranty applies to all trailers that have not been altered or repaired without the manufacturer's authorization.

The manufacturer reserves the right to make changes in design or changes in specifications at any time without incurring any obligation to owners of trailers previously sold.

The warranty does not cover: customer dissatisfaction, transportation to and from the dealer, lack of maintenance, accidents, or operators misuse.

All axle assemblies, brake systems, wheels, tires, light systems, hitch couplers, jack stands, power unit, cylinders, or other accessories or purchased parts are warranted by the respective manufacturer.

This warranty is in lieu of all other warranties, guarantees or agreements, whether expressed or implied, and no person, agent, dealer, or company is authorized to change, modify, or extend its terms in any manner whatsoever.

Holmes Trailers builds the right trailer for that big job of hauling a race car or dragster, an antique car, a classic 50's hot rod, maybe a prized muscle car, your screaming import, or a big four wheel drive. Why would you trust your "ride" to a trailer that is not made of heavy duty materials or engineered to the highest specifications? Holmes Trailers builds the finest in full plate or open deck Car Haulers with such features as more cross members for added strength and stability, four D-ring tie downs, heavy duty rub rails with stake pockets, slide out 5' ramps, LED lights, and best of all, Holmes Trailers *exclusive powder coat finish*.

A few of the unique features and benefits found on

HOLMES TRAILERS

Single Axle Utility Models

Holmes Trailers builds utility trailers in rail side, mesh side and full panel side models. These versatile trailers offer the homeowner a solid and dependable trailer for those jobs that require more size and bulk hauling capabilities. Every Holmes Trailers model includes LED lights and our *exclusive powder coat finish*. These trailers are great for mulch, firewood, gravel or any number of applications. These trailers will provide years of trouble free service. Trust Holmes Trailers every time...

ATV Models

NEW MODEL! This trailer will satisfy the urge to load up the ATV's and head to the trails whenever the time or the mood strikes you. Easy access from three sides and easy to use ramps will make loading up for the great outdoors a simple task. This HolmesTrailers model provides room for three full-size ATV's plus space for gear and gas cans. Happy trails...

Holmes Trailers deck over equipment models offer your operation a platform that will haul a large skid steer, back hoe or other heavy machinery you need to service your customer's needs. We manufacture all of our Deck Over Equipment trailers with heavy duty rub rails with stake pockets, durable safety stop bar, EZ Lube axles, fully adjustable spring assisted ramps, chain boxes, standard LED lights and Holmes Trailers *exclusive powder coat finish* to offer safety, durability and dependability.

These trailers are available in 18 to 24 foot lengths and 10,000 – 12,000 – 14,000 GVWR weight ratings. Options include goosenecks, full flat deck or 4 foot dove tail with an optional pop up dove tail. Each dove tail is manufactured with cleat cleaning steel rails that provide a safer environment when you are hauling your equipment down the road.

You are buying a trailer to haul expensive equipment you use to service your accounts or your farm. Why trust that investment to a lesser quality trailer? Trust Holmes Trailers for your heavy equipment trailer needs every time...

SINGLE AXLE UTILITY MODELS

DECK OVER EQUIPMENT MODELS

Holmes Trailers dump trailers range from our

3.5K "Bubba Jr." to our 14K goose neck dump models. Every trailer we produce is manufactured using the highest quality materials and built with exacting attention to detail. These trailers offer the "gentleman farmer" or the industrial user the correct equipment for their dump trailer needs.

At Holmes Trailers we manufacture all of our dump trailers with the strongest and most durable design in the industry today. In addition to strength, we incorporate great features to enhance the ease of owning and operation of your trailer. Features such as: **LED** lighting, lockable hydraulic pump box, included deep cycle marine battery, battery maintainer for easy charging, D-ring tie downs and EZ lube axles.

All of our dump trailers from the easy to use "Lil'Bubba" to the versatile and hard working Low Profile series offer the safety, durability and dependability to handle your demanding loads!
