2008-09 Membership recap: When many clubs are struggling to maintain members due to years of poor snow and a poor economy, our membership grew by almost 15% over last year. We count 54 paid memberships (17 business, 29 Family, & 8 Individual). Of these, 12 were new members (we did have some attrition across all segments).

Where we come from: Our membership originates from: Ladysmith (41 members), Rusk County (6 members), Chippewa County (2 members), Rest of Wisconsin (3 members), Minnesota (2 members).
