Summary

---

I am Software Specialist having experience of around 7 years in IT. I had worked on various projects involving data Modeling, ETL designing, OLAP reporting, structured querying, tool creation using BO SDK and Designer SDK. I had acquired a comprehensive grasp on various technologies like Business Objects, dynaSight, Oracle, SQL Server, Sybase and Visual Basic. I was involved on offshore / onsite projects for clients like Abn Amro Bank, Guardian Life Insurance Company, Morgan Stanley, Mentor Graphics, National Australian Bank, Bharti Televentures Limited as a Business Objects consultant. I also leveraged my knowledge with new technologies like Business Object XI R2, Oracle CDC, Crystal Xcelsius, dynaSight etc. I had also created white papers on data modeling, Migration strategies, etc. I was always been committed to meeting project deadlines without compromising quality of the deliverables
