

Royal Decree

In keeping with a practice first started by the English monarch Queen Elizabeth I to commemorate the English victory over the zealous Spanish crown. It has been decided that individuals who distinguish themselves on campaign may be awarded a military honour

What it means.

If mentioned in despatches (MiD) for a 6 on a D6, a medal may be awarded from the list below. Furthermore after the usual 3 months of 6SPs/month the character will receive +2 (cf. +1 normally) for the rest of the character's life. Being awarded a military honour entitles the character to the letters associated with that medal after his name.

Medal No (D8)	Medal	Bars	Abbreviation
1	Legion d'Honneur “ “	Silver Gold	Ld'H Ld'H Gold
2	Medaille Militaire	None	MM
3	Croix de Guerre	None	CdG
4	Dahomey Medaille “ “ “ “	Without bars Silver Gold	DM DM Silver DM Gold
5	Medaille Interalliee	None	MI
6	Croix du Combatants	None	CdC
7	Croix de la Valeur Militaire	None	CdVM
8	L'Order de Cardinale “ “	Silver Gold	OdC Silver OdC Gold

If you are awarded the same medal more than once, and that medal has no 'bars' or you have already attained the 'Gold' award in that medal, then no medal is awarded and the MiD counts only as a +1 after the 3 month period.

What does PEG or PC En-Guarde do?

All PEG does is look for MiD for 6 at month 3 after return from front. If MiD=6 then subsequent MiD is +2 for life!

The Abbreviations are not used, they are provided for the players to glorify their position etc in formal correspondence etc ie

Earl Jarre d'Nescafe CdG, OdC Gold, Governor of le Puy
