

## A New Option

# Titan Soccer Academy

Boys and Girls 4-9 years old  
The journey begins August 2010.  
Lewis Central High School Training Fields

### Academy Information

The time has come for a new way to develop the passion, skills, and overall soccer experience for young soccer players. The Academy is designed to focus on maximizing the entire soccer experience for the players at each age level so they not only acquire all of the essential skills to play the game, but in a fun, challenging environment that focuses on individual development. Here are some of the benefits of the Titan Soccer Academy:

- There is a dedicated and professional coaching staff to instruct your child. The coaching staff consists of individuals who are USSF licensed, coach various levels of soccer from Club, High School, and College, and have played the game in club, high school, and/or college.
- The curriculum is designed with your child's age in mind with a maximum of 20 players in each age group. Any Lewis Central player can join and there are no tryouts.
- The focus is on individual development and not about teams winning games at all costs. The Academy training environment is set so the player can truly enjoy the game as they develop the essential skills and knowledge to play the beautiful game.
- The Tiny Titans fall program lasts ten weeks with 2 sessions per week. Each session will include an Academy match. The Junior Titans fall program also lasts ten weeks and consists of 2 training sessions and 1 internal Academy match per week.
- The Academy fee is \$65 for our 4, 5, and 6-year-old Tiny Titans and \$95 for our 7, 8, and 9-year-old Junior Titans. If your child enrolls in the Academy and pays by July 20<sup>th</sup>, they will receive a \$5 discount. That breaks down to around \$3 per activity. Costs are the same for the spring Academy.
- For the fall Academy, each player will need to purchase a reversible training jersey for \$30.
- This fun program is open to the first 20 kids to fill each age group. Don't pass up this fantastic opportunity.
