

## **Park police ride to the rescue**

**I was please to see your article (YEP, 5 August) promoting the cycles that myself and my colleagues in Roundhay have provided for West Yorkshire Police to assist PC Brook combat criminal activity in Roundhay.**

**PC Brook is an extremely committed and dedicated officer and I am extremely pleased to have been able help him get around the ward more quickly, park users have endorsed the bike as the best way of getting around the park and I sincerely hope that the sad stories of Matthew and Ryan will be a thing of the past.**

**This also sends a clear message to any criminals operating in Roundhay – 'On your bike' or the police, police community support officers or park rangers will catch you .**

**I feel this is the kind of project that local councillors should be and indeed have pleasure in funding through their MICE money to benefit the community of Roundhay and my message to PC Dave Brook is keep up the good work and together we will reduce the criminal activity in our ward**

**Coun Paul Wadsworth, Roundhay ward councillor  
10 August 2004**
