Career Goals

- My career interests and goals begin and end with the law. My favorite hobbies are reading and debating, so I know that law is the right field of study for me. I'm also extremely organized and a hard worker. I hope to be in a career where I can help people.
- To learn how to apply these goals in real life, I've participated in such programs as mock trials. I've participated in these wonderful simulations from middle school to high school.
