

CHILDREN HAVE THE RIGHT TO BE LOVED BY BOTH PARENTS

The Government have **refused** to reform the Family Court System. Current policies encourage argument rather than agreement via mediation. If I am elected I will be your voice in creating a **Ministry for MEN'S HEALTH and the STATUS of Fathers**. This new Ministry's charter will include;

- ✓ Gender Equality in Family Law and Domestic Violence matters.
- ✓ Modernising the family law system to channel issues mainly through mediation instead of the adversarial and costly court process.
- ✓ Enshrine into law the CHILD'S RIGHT to a substantially equal time relationship with BOTH PARENTS after family breakdown

Until we take action more young lives will be devastated.
