

Product Description

Product Dimensions: 39.3 x 3.3 x 25.1 inches ; 37.5 pounds

Amazon.com Product Description--March 24, 2008

Samsung adds a Touch of Color to a blazing-fast 4ms response time and rich connectivity features to redefine the role HDTVs play in the home with its forward-looking Series 6 (A650) and Series 7 (A750) LCD HDTVs. Utilizing the award-winning technologies found in all Samsung HDTVs, Series 6 and 7 HDTVs deliver unparalleled picture quality and enhanced connectivity and networking capabilities that create a true entertainment hub for any home. Series 7 takes networking and multimedia management to a whole new level. Consumers can easily enjoy MPEG and JPEG files stored on external devices by connecting through a side-mounted USB 2.0, turning their LCD into a full-scale home viewing gallery, or connect their MP3 players for a dynamic audio experience.

What's New?

Series 6

- **50,000:1 dynamic contrast ratio:** up from 25,000:1 on 2007 models ([Learn more](#))
- **Blazing 4ms response time:** down from 8ms on 2007 models thanks to a new high-speed liquid crystal
- **Transparent and Opaque Color (TOC) bezel** with infused color creates an ultra-sleek shape and appearance ([Learn more](#))
- **InfoLink:** Get free RSS feeds of news, weather and sports right to your HDTV with a built-in Ethernet port ([Learn more](#))
- **4 HDMI 1.3 ports:** Simplay compliant, and up from 3 on 2007 models ([Learn more](#))
- **Sports and Game modes** boost on-screen performance and interaction with the latest gaming systems
- **Side-mounted USB 2.0 port:** connect USB devices directly to your HDTV to view JPEG photos or MPEG movies or easily listen to your MP3 player through your HDTV's audio system or your home theater system.
- Compatible with Samsung's Home Digital Media Adapter (sold separately) for playback and navigation of Internet and stored PC multimedia

Series 7 Step-Up Features

- **Internal flash memory (1GB) with pre-loaded interactive content** such as cooking recipes, children's entertainment, HD artwork and more
- **Integrated woofer** for an enhanced audio experience
- **DLNA-Compatible:** for better interoperability with electronics, computers and mobile devices from many different manufacturers ([Learn more](#))
