

Welcome MOPS Mom,

We, the Living Hope MOPS Steering Team, would like to welcome you as a member of this wonderful ministry to Mothers of Preschoolers (birth through kindergarten). This year the theme for MOPS is Twinkle: Shine like Stars in the Universe. As a new MOPS group, we are excited in serving all moms, stay-at-home, working, single, married and even teen moms!

Not only our Steering Team, but Living Hope church staff & members, are here to support you. We understand what a blessing and a challenge being a mother of one or more preschoolers can be. This is the reason we've started a MOPS evening group, to help support moms in need by giving them time to recharge, learn, have fellowship with other moms, and just have some good "Mommy time". We are here to support each mom in her various roles.... as moms, wives, and women.

This year we will be exploring the "Nine Needs" of Moms, as well as, how to have a "Five Star Family". We have been planning a lot of fun activities like: games, crafts, food, and fun-nights, as well as amazing speakers who will teach us, share with us, and help us grow.

We appreciate you taking the time to register with us as well as taking the time to better yourself with MOPS. If we can be of help in any way, please let us know.

Sincerely,  
Bobbie Jo Ryan  
Coordinator
