The Poverty Line Poem

The poverty line

The poverty line is the line that show and tells
It shows and tells if you need reduced free lunch or have
to pay for your lunch

Through breakfast and brunch you are in a crunch
Your parents work hard and the income its hard to make.
You wait and you wait until you get to the front then you
get the reduced or free brunch.

(Verse 2)

My parents are making a lot of income
When you can buy the lunch but it comes at a stable cost
It's very neat that you can past the line
It comes at a cost but you'll be okay
For days and days it's all okay
