Important Notes

It was wonderful seeing you all during the fun activities of Catholic Schools Week! We did a fantastic job at our "3 Little Piggy Opera"!

We look forward to our field trip next week! We will see some of our favorite stories being acted out on stage!

Language Arts

We read funny stories about Fox and Bear and predicted what would happen next! We are working hard on vocabulary and comprehension.

Social Studies

President Abraham Lincoln came in and talked to us! We learned many facts about his life.

Math

We worked on ways to show numbers with pattern blocks. We focused on two digit numbers with tens and ones blocks and talked about greater than and less than values.

Science

We sang a song about water, air, and land. We talked about rocks and soil.

Religion

We know that Jesus is present in the Eucharist and learned about the Blessed Sacrament and what a tabernacle is. We took our Chapter 10 review.
