Important Notes

Please keep sending in donations for our Auction item! We are collecting \$5 as well!

Chester the Chick loves spending the night with the first graders! We love to hear the stories of his travels!

The Touching Safety Program was presented to the first graders this week.

Language Arts

We are working with the long e sound (ee,ea). We are predicting what will happen in stories. We did writing with adjectives as well. We learned about multiple meaning words like bat, play, and sink.

Social Studies

We talked about the settlers like the pilgrims and studied more about George Washington.

Religion

We wrote prayers of petition to the Holy Spirit. We learned how to care for our community. We went to another lenten prayer service.

Math

We started learning about telling time. We ordered events, worked with minutes and hours, and know the hour hand and the minute hand on a clock. We each have a clock to work with.

Science

We continued our chapter 7 review. We looked at weather all around our country. We made spring pictures and used forks to paint the grass.
