## Important Notes

Parent/Teacher Conferences are next Monday (Nov.10). Times were sent home.

Please return the report envelope with your signature.

Our disguised turkeys are looking great!

## Language Arts

We are working with the short i sound and the -ck ending. We are predicting what will come next in our stories. We are working on the action part of sentences. We made a class book about how to cook a turkey-very funny!

## Social Studies

We are studying maps and pictures. We sorted different map pictures into groups. We learned that

there are 7 continents.

## Religion

We are God's children! We know that God created the world out of nothing. We talked about the first people that God created-Adam and Eve. We know that God cares for all that he creates!

## Math

We are working with zero in subtraction. We learned how to pick the correct operation (addition or subtraction) in problems. We took our Chapter 3 test and Cumulative Review.

## Science

We labeled parts of a plant and learned about the different habitats they grow in. We also learned how plants protect themselves with thorns, spines, and even camouflage!
