Important Notes

We went to Book Fair and made "Wish Lists". Book Fair will be open for families on Donut Sunday and Family Reading Night! We will do our shopping on Monday.

Our disguised turkeys are looking great!

Language Arts

We are working on setting, antonyms (opposites), short i, and final ending -x. We are learning the importance of word order in sentences. We are practicing cause and effect.

Social Studies

We are studying bodies of water and land. We focused on plains, hills, and mountains. We worked on map skills as well.

Religion

We know that we care for God's creation. We took our Chapter 5 review.

Math

We are working on adding by counting on. We counted on (or up) by 1, 2, and 3. For example $5+3$, we put 5 in our head and counted 6,7,8 and got the answer!

Science

We took a Diocesan test on parts of flowers, habitats, needs of people, parts of a body, needs of a plant, etc. We did great on this assessment!
