Important Notes

I hope you had fun at Family Reading Night!

Thank you to everyone that helped out at the Book Fair! We had a great time picking out books! Thank you for all of the donations to the classroom library! We are so lucky!

Language Arts

We are working on the short o and short i sound. We are learning an author's purpose for writing a story. We wrote 3 facts about Pilgrims and Indians.

Social Studies

We talked about the four seasons and types of weather we have during those seasons.

Religion

We learned about baptism and how it welcomes us into the Catholic Church. We know that Holy Water is used to bless us. We talked about how God made us to be loving people.

Math

We are counting on by the greater number. We learned that it is easier to count on $9+1$ than $1+9$. We are also adding doubles and using them in our problem solving. We are starting to count back as well.

Science

We learned about the life cycles of frogs and chickens. We discussed doctors and scientists that work for NASA.
