## Important Notes

We will be attending a band concert next Monday at 1:30!

We are so excited that we will be seeing our 6th grade buddies next Thursday in the morning for some fun Christmas activities!

Our Christmas Program is next Wednesday, Dec. 17! We have been singing so beautifully!

## Language Arts

We took our Unit 2 test on Monday and Tuesday. We are learning to compare and contrast stories as well as the author's purpose for writing a story. We are focusing on nouns (people, places, animals, and things).

## Social Studies

We did our Unit 2 review and learned that good citizens are helpful to each other and our world.

## Math

We are beginning to talk about space shapes like cylinders, spheres, and cones. We learned about open and closed figures and did some patterning.

## Science

We learned how animals, daisies and trees grow and change. We took our Chapter 4 review.

## Religion

We know that the birth of a baby brings joy to a family and we are so excited for Baby Jesus to come! We talked about the Feast of the Holy Family and learned the history of "Silent Night".
