## Important Notes

Next week is Catholic Schools Week and there are a lot of fun activities planned! Check out our website!

We loved going to the Junie B. Jones play! We had front row seats-how exciting!

## Language Arts

We read funny stories about Fox and Bear and predicted what would happen next! We are working hard on vocabulary and comprehension.

## Social Studies

We learned about our world by studying the 7 continents. We also worked on our geography skills by learning about oceans. Laura Ingalls Wilder gave a presentation about her life on the prairie!

## Religion

We acted out the bible story of Jesus blessing the children. Everyone got a chance to have a part! We learned about caring for our family and friends.

## Math

We worked with tens and ones to 100. We know that there are different ways to show numbers like writing a problem or showing it with manipulatives.

## Science

We read the story The Mitten by Jan Brett. We had our winter animals hibernate in mittens that we made!
