

I was born in the Bronx, but raised in the street
where they pack their badge & their dope next to their heat.

I got a wife & 5 kids and a house by the park,
And a model in heat that I keep in the dark.

'Cause I'm the **Bad Lieutenant**.

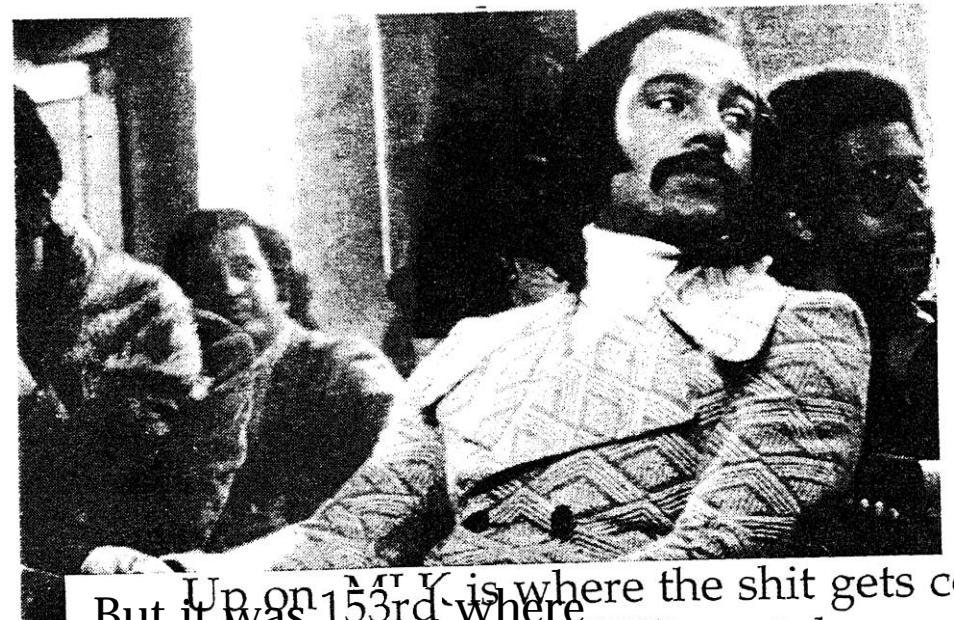

They call me up when the shit goes down;
There's blood on a dress, there's a gun on the ground.

I push through the crowd, 'cause I'm the man
in charge

Drinking my coffee, I'm talking with the
Sarge.

'Cause I'm the **Bad Lieutenant**.

Up on ^{MATV} 153rd is where the shit gets copped,
But it was 153rd where Willie got dropped.
