

# SOCCER AMERICA MAGAZINE'S WOMEN'S COLLEGE CHOICE 2004

We hope you find this, the 25th annual *Soccer America Magazine's College Choice*, helpful as you begin your search for the best college to fill your academic and athletic needs.

This year, our college directory is larger than ever—the result of our survey of coaches and sports information directors from across the United States and Canada. Their responses were compiled to form the following listings. Schools which did not respond are listed with only address and affiliation.

Complete listings appear for colleges that responded to the two separate *Soccer America Magazine* survey questionnaires. The mailing address is generally that of the soccer coach's office, not the admissions office. The cost only covers tuition. *Soccer America Magazine* makes every attempt to ensure the accuracy of these listings but is not responsible for any incorrect information or errors that may appear.

We suggest that high school under-classmembers use this guide as a starting point in the college application process. Obviously, even the most complete description here cannot give you all the information you'll need to make your decision—you'll need to narrow your list to the few that interest you most, then, if possible, visit the campuses to see if they really suit you. If you can't visit, then call the universities for additional information and a college catalog.

Whether you gather your information in person or on the telephone, you'll want to talk to the soccer coach to find out more about the program. You'll also need to talk to an academic advisor, professors and students to find what the college has to offer academically, culturally and socially. Whatever you choose, remember that *Soccer America Magazine* will launch another season of college coverage with the August 30th *College Preview*. Good Luck!
