

Dear Coach,

Welcome and thank you for attending our series of friendly games.

We have formed three brackets and there is no real ranking separating the groups. We have tried to give everyone competitive games and take into account conflicting schedules, ODP, travel distance, requests to play “old rivals” etc. Brackets A and B play three 60-minute games and bracket C plays two 90-minute games. The rules of these friendlies are fully compliant with the OSYSA practices.

Please visit the cabin on arrival to pick up team information packets and a copy of this letter with the schedule attached. We have allocated table space for each team to display their brochures/player profiles. In addition some teams will also have literature available right at the game field. There is an observation tower at field two, which you may use at your own risk.

If you have any questions or concerns whilst at the fields that we can help you with please call either Mark Gibson at 513-382-8633 or Ray Rawlinson at 513-519-8385. We are ready willing and available to talk/meet with you if you would like to initiate the contact but we will leave you alone to enjoy watching the players perform, your preference entirely.

We have included a \$5.00 food voucher for each day to use at the cabin concessions run by one of our younger LSC teams. Just present the voucher while purchasing food or beverages and receive up to \$5 off the cost.

I'm sure you will see some good quality soccer and let's hope the weather cooperates.

Thank you again for attending,

Regards,

Ray
