President's Corner

2006-2007 Rotary Theme is "Lead The Way"

As we enter the Lenten Season, I often wonder at the concept of "giving up" something important in our lives. How many of us truly give up anything that will effect our lives in a significant way? I prefer to take an entirely different approach to this idea by trying to develop a habit that will enhance my life during these 40 days (and hopefully beyond). The Rotary Club of Lancaster-Sherman is currently in a time of transition. Let's use this time to take stock of our habits as a club, discard ineffective ones, and create new, more positive traditions. I hope you will all join me in this adventure of making the next 100 years of Rotary as exciting, fun, and productive as the first 100 years – with The Rotary Club of Lancaster-Sherman "leading the way"!

Yours in Rotary,

Tara L. Craaybeek
