

Oh, no...Yet another survey...!

Here's the goal: that technology is our FRIEND; not our FOE at Ontiveros. With that in mind, will you tell us (we know, you've answered some of this before) how that can best be accomplished? Do this anonymously or not—whatever works for you. If you have other concerns or comments, feel free to make them on the back.

Thank you!

Your E.E.T.T. Team: *Linda, Nicole, Andy & Terie*

Our Technology Dollars

Please prioritize (with "1" being most important, and "4" being least important) how we should spend \$\$.

- Hardware (e.g. laptops, projectors, printers)
- Software (new and updated programs for lab and classroom computers)
- Staff Development (onsite)
- Internet Subscriptions (interactive websites, teacher support)

Staff Development

Check those in which you would like training.

- Using Microsoft Windows (saving/copying files, general navigation)
- Using the internet for instruction (e.g. our website, Brainpop, SBCEO Portal)
- Using Microsoft Office programs (Excel, Publisher, Powerpoint)
- E-Dart (electronic report card program)
- Groupwise email (district email)
- Final Site web design (what our district and school use)
- Other: _____

Subscription/Programs

Check areas in which you would like to see that we have programs. If there is a specific software or subscription that you have used (or currently use) that has been particularly helpful to you or your class, please be specific in the space below.

ELD Math Lang. Arts Science Soc. Studies Teacher Support

Your Participation

Would you be interested in participating in staff development for VSDD hours? YES NO

If yes, which way would you be most able/willing to accrue the hours?

- One or two days over Winter Break
- One or two Saturdays
- Accrue 6 $\frac{1}{2}$ hours for each VSDD by doing afterschool training
- The day(s) I could participate would be M T W F
