Re: Reference for Sandor Bercsenyi

Sandor has worked for this company as a freelance translator several years working on various projects.

Sandor is a highly competent, experienced translator, our client feedback has shown that he takes great trouble to produce accurate, stylish translations. He consistently manages to capture the tone of the original text very well.

Sandor is reliable and is often willing to take on work at short notice.

I would recommend Sandor's translation services.

Yours Faithfully,

Roger Taylor.
