

F. G. W. Jones: Publications 1937-1988

SUBJECTS: ENTOMOLOGY, APPLIED ENTOMOLOGY,
APPLIED NEMATOLOGY, AGRONOMY

Volume 1 Entomology and Agronomy

1. Thorpe W. H. and Jones F. G. W. (1937) Olfactory conditioning in a parasitic insect and its relation to the problem of host selection. *Proceedings of the Royal Society London Series B* No. 834 Vol. 124 pp 56-81.
2. Price Jones D. and Jones F. G. W. (1947) Wireworms and the sugar-beet crop: field trials and observations. *Annals of Applied Biology* Vol. 34 pp 562-574.
3. Jones F. G. W. (1953) The assessment of injury by seedling pests of sugar beet. *Annals of Applied Biology* Vol. 40 pp 606-607.
4. Jones F. G. W. and Dunning R. A. (1954) The control of mangold fly (*Pegomyia betae* Curtis) with DDT and other chlorinated hydrocarbons. *Annals of Applied Biology* Vol. 41 pp 132-154.
5. Jones F. G. W. and Humphries K. P. (1954) The use of seed dressings containing γ -BHC in the establishment of sugar-beet seedlings. *Annals of Applied Biology* Vol. 41 pp 562-577.
6. Jones F. G. W., Dunning R. A. and Humphries K. P. (1955) The effects of defoliation and loss of stand upon yield of sugar beet. *Annals of Applied Biology* Vol. 43 pp 63-70.
7. Jones F. G. W. and Jones M. G. (1964) *Pests of Field Crops*, 1st edn London, Edward Arnold. 406 pp.
8. Jones F. G. W. and Jones M. G. (1974) *Pests of Field Crops*, 2nd edn London, Edward Arnold. 448 pp.
9. Jones F. G. W. and Jones M. G. (1984) *Pests of Field Crops*, 3rd edn London, Edward Arnold, now Cambridge University Press. 392 pp.

Nematology

10. Petherbridge F. R. and Jones F. G. W. (1944) Beet eelworm (*Heterodera schachtii* Schm.) in East Anglia, 1934-1943. *Annals of Applied Biology* Vol. 31 pp 320-332.
11. Jones F. G. W. (1945) Soil populations of beet eelworm (*Heterodera schachtii* Schm.) in relation to cropping. *Annals of Applied Biology* Vol. 32 pp 351-380.

12. Jones F. G. W. (1950) A new species of root eelworm attacking carrots, re. *Heterodera carotae* n. sp. (morphology). *Nature* Vol. 165 p 81.
13. Jones F. G. W. (1950) Observations on the beet eelworm and other cyst-forming species of *Heterodera*. *Annals of Applied Biology* Vol. 37 pp 407-440.
14. Jones F. G. W. (1951) Further observations on the distribution of the beet eelworm. *Journal of Helminthology* Vol. 25 pp 223-230.
15. Jones F. G. W. (1951) The Sugar Beet Eelworm Order 1943. *Annals of Applied Biology* Vol. 38 pp 535-537.
16. Jones F. G. W. (1952) Differentiation of species of *Heterodera*. *Proceedings of the International Symposium, Harpenden, England, September 3-14, 1951*. Rome, F.A.O. pp 3-14.
17. Jones F. G. W. and Winslow R. D. (1953) Hatching responses in root eelworms (*Heterodera* spp.). *Nature* Vol. 171 pp 478-479.
18. Jones F. G. W. (1954) First steps in breeding for resistance to potato-root eelworm. *Annals of Applied Biology* Vol. 41 pp 348-353.
19. Jones F. G. W. (1955) Quantitative methods in nematology. *Annals of Applied Biology* Vol. 42 pp 372-381.
20. Jones F. G. W. (1955) Nematology at Rothamsted Experimental Station. *Nature* Vol. 176 pp 1002-1003.
21. Duddington C. L., Jones F. G. W. and Moriarty F. (1956) The effect of predacious fungus and organic matter upon the soil population of beet eelworm, *Heterodera schachtii* Schm. *Nematologica* Vol. 1 pp 344-348.
22. Duddington C. L., Jones F. G. W. and Williams T. D. (1956) An experiment on the effect of predacious fungus upon the soil population of potato root eelworm, *Heterodera rostochiensis* Woll. *Nematologica* Vol. 1 pp 341-343.
23. Jones F. G. W. (1956) Chapter 1. Structure and classification of nematodes. Chapter 2. Parasitism in plant nematodes. Chapter 12. Beet eelworm. Chapter 14. Pea, cabbage and carrot root eelworms. In: *Plant Nematology* Ed. J. F. Southey 1st edn London, Her Majesty's Stationery Office (H.M.S.O.).
24. Jones F. G. W. (1956) Soil population studies using microplots. *Nematologica* Vol. 1 pp 109-110.
25. Jones F. G. W. (1956) Soil population of beet eelworm (*Heterodera schachtii* Schm.) in relation to cropping. II. Microplot and field plot results. *Annals of Applied Biology* Vol. 44 pp 25-26.
26. Jones F. G. W. and Moriarty F. (1956) Further observations on the effects of peas, beans and vetch upon the soil population levels of pea root eelworm, *Heterodera göttingiana* Liebscher. *Nematologica* Vol. 1 pp 268-273.

27. Jones F. G. W. and Moriarty F. (1956) A preliminary experiment on the effect of various cereals on the soil population of cereal root eelworm, *Heterodera major* O. Schmidt. *Nematologica* Vol. 1 pp 326-330.
28. Jones F. G. W. (1957) Resistance-breaking biotypes of the potato root eelworm (*Heterodera rostochiensis* Woll.). *Nematologica* Vol. 2 pp 185-192.
29. Jones F. G. W. (1957) Soil populations of beet eelworm (*Heterodera schachtii* Schm.) in relation to cropping III. Further experiments with microplots and with pots. *Nematologica* Vol. 2 pp 257-272.
30. Jones F. G. W. (1958) Resistance-breaking populations of the potato root eelworm. *Plant Pathology* Vol. 7 pp 24-25.
31. Jones F. G. W. (1958) Aspects of plant nematology in Great Britain. *Agricultural Review* Vol. 3 pp 8-19.
32. Jones F. G. W. (1959) Ecological relationships of nematodes. In: *Plant Pathology, Problems and Progress 1908-1958*. Chapter XXXV. Golden Jubilee Vol., *American Phytopathology Soc.*, Wisconsin University Press pp 395-411.
33. Jones F. G. W. (1960) Plant parasitic nematodes. *Advancement of Science* Vol. 17 pp 174-180.
34. Jones F. G. W. (1961) Nematode injury to crops. *Proceedings of the Nutrition Society*, Vol. 20 pp 1-5.
35. Jones F. G. W. (1961) The potato root-eelworm *Heterodera rostochiensis* Woll. in India. *Current Science* Vol. 30 p 187.
36. Jones F. G. W. (1962) A note on Granek's ratio for the separation of *Heterodera rostochiensis* W. from *H. tabicum* L. and L. *Nematologica* Vol. 7 pp 256-258.
37. Jones F. G. W. and Gander M. C. (1962) A bioassay for *Heterodera* spp. without counting cysts or larvae. *Nematologica* Vol. 8 pp 39-50.
38. Jones F. G. W. and Nirula K. K. (1963) Hatching tests and counts of primary galls in assessment of nematicides against *Meloidogyne* spp. *Plant Pathology* Vol. 12 pp 148-154.
39. Jones F. G. W. and Pawelska, K. (1963) The behaviour of populations of potato-root eelworm (*Heterodera rostochiensis* Woll.) towards some resistant tuberous and other *Solanum* species. *Annals of Applied Biology* Vol. 51 pp 277-294.
40. Jones F. G. W. (1965) Chapter 1. Structure and classification of nematodes. Chapter 2. Parasitism in plant nematodes. Chapter 12. Beet eelworm. Chapter 14. Pea, cabbage and carrot root eelworms. In: *Plant Nematology* Ed. J. F. Southey 2nd edn London, Her Majesty's Stationery Office (H.M.S.O.) pp 282.
41. Jones F. G. W., Meaton V. H., Parrott D. M., Shepherd A. M. and King J. M. (1965) Population studies on pea cyst-nematode *Heterodera göttingiana* Liebs. *Annals of Applied Biology* Vol. 55 pp 13-23.

42. Jones F. G. W. and Parrott D. M. (1965) The genetic relationships of pathotypes of *Heterodera rostochiensis* Woll. which reproduce on hybrid potatoes with genes for resistance. *Annals of Applied Biology* Vol. 56 pp 27-36.
43. Jones F. G. W. (1967) Frequency of new females (cysts) in single-cyst cultures of *Heterodera rostochiensis*; their relevance to the ability to overcome resistance and to the frequency of mating. *Nematologica* Vol. 13 pp 469-472.
44. Jones F. G. W., Parrott D. and Ross G. J. S. (1967) The population genetics of the potato cyst-nematode *Heterodera rostochiensis*: mathematical models to simulate the effects of growing eelworm-resistant potatoes bred from *Solanum tuberosum* spp. *andigena*. *Annals of Applied Biology* Vol. 60 pp 151-171.
45. Jones F. G. W., Parrott D. M. and Williams T. D. (1967) The yield of potatoes resistant to *Heterodera rostochiensis* on infested land. *Nematologica* Vol. 13 pp 301-310.
46. Jones F. G. W., Parrott D. M. and Williams T. D. (1968) Potato production using resistant varieties on land infested with potato cyst eelworm, *Heterodera rostochiensis* Woll. *Outlook on Agriculture* Vol. 5 pp. 215-222.
47. Jones F. G. W. (1969) Some reflections on quarantine, distribution and control of plant nematodes. In: *Nematodes of tropical crops* Ed. J. E. Peachey Tech. Com. Commonwealth Bureau of Helminthology, St. Albans, No. 40 pp 67-80.
48. Jones F. G. W., Larbey D. W. and Parrott D. M. (1969) The influence of soil structure and moisture on nematodes, especially *Xiphinema*, *Longidorus*, *Trichodorus* and *Heterodera* spp. *Soil Biology and Soil Biochemistry* Vol. 1 pp 153-165.
49. Jones F. G. W. and Parrott D. M. (1969) Population fluctuations of *Heterodera rostochiensis* Woll. when susceptible potato varieties are grown continuously. *Annals of Applied Biology* Vol. 63 pp 175-181.
50. Jones F. G. W. (1970) The control of the potato cyst-nematode. John Curtis "Woodstock" lecture. *Journal of the Royal Society of Arts* Vol. 118 pp 179-196.
