**Clickable links:**

- Links in the "Location" column typically link to a map and/or directions
- Links in the "Activity" column typically link to a folder containing letters / emails which have been sent about the activity  
 Dates in file names may be the date the information was issued, not the date of the activity.  
 It's best to look on the above programme or at the details within letters / emails for the date of an activity, rather than using the file / folder names.

If you would like a printed copy of any letters / emails about a particular activity - please just ask!
