

Olathe Club for the Deaf
Dart League Rules
2008-2009

1. **League fees:** Each player pays the chairperson \$5.00 in cash (**NO PERSONAL CHECKS**) and \$2.25 (\$1.75 for Thursday's dart league) in quarters for the dart machines every Thursday, Friday, or whenever the league is held. The money will be used for the prizes at the end of the league and to cover the expenses of maintaining the dart machines.
2. **Chairperson:** The chairperson is responsible to prepare the league and its finances, and maintain the statistics. If s/he is capable of maintaining the web site, it is up to the individual to post and keep up with it every week, but it is not required. The chairperson will collect \$5 from each player before each game starts. S/he is NOT responsible for the quarters (Whether it be by volunteering or votes from all the players, a player will be responsible for the quarters). If there is any problem involving any player or dart machine, the chairperson should be notified. In case of any emergency, bad weather, or changes in schedules, the chairperson will contact all the captains.
3. **Captain:** Each team of four players chooses a captain. The captain should be a reliable person to contact his/her players regarding any cancellation of games or changes in schedules. Each captain is to collect and give the chairperson their teams' pager/email addresses or telephone numbers.
4. **Players:** Each team must have two or more players with at least one sub to play. If only one player shows up by 7:00pm Thursday or 7:30pm Friday, then this team and the opposing team will have to agree on the make up date. If there are three players, or two players with a sub, and no sub can be found, the players can rotate. Once the game begins, the fourth player or additional sub can't join.

Any husband/wife or boyfriend/girlfriend is not allowed to be on the same team; however, they can play on the same team if one of them is a sub.
5. **Subs:** If a player cannot make the game, s/he is responsible to find a sub to take his/her place, not the chairperson's. The player is responsible to pay the sub \$5 and \$2.25 to play. If the Thursday team needs a sub, they can ask any player from Friday's dart league. The same goes for the Friday team using any player from Thursday's dart league.
6. **Attendance:** If a player misses three times in a row without letting the captain know and did not pay, this player will be automatically dismissed. The captain will then pick a new player. If this player is a female, the captain needs to get a female replacement. If the captain cannot find a female replacement, s/he can get a male replacement with approval from other teams. If the player pays in advance but misses the games, s/he can stay on the team. However, it would be greatly appreciated if the player would faithfully attend the league unless s/he has good reasons to miss. The player needs to be considerate and fair to the team. If the player decides to leave the league, the player is responsible to find a replacement.
7. **Time:** The league starts at 7:00pm sharp Thursday and 7:30pm sharp Friday. However, if all team players including pre-selected subs, are accounted for between 7:00pm and 7:30pm, they can start. DO NOT PAY the machine to practice AFTER 7pm. There is a three minute limit in between the games. If a player needs to use the bathroom or go outside, the player is responsible to notify the team. Please be considerate of other players. REMEMBER, TIME IS PRECIOUS.

8. **Cancelled Games:** The chairperson will reschedule any cancelled games with the votes from the players.

9. **Statistics:**

- a) Wins
- b) Over 100 points in a turn
- c) Hat (three bull-eyes in a row worth 150 points)

10. **Sportsmanship:** Please behave accordingly which means no screaming, jumping, whining, or bad attitudes. Each team can help its own players as to what to do. **DO NOT** bother or distract other teams during the league once it starts. **DO NOT** walk back and forth in front of the players.

11. **Fans and children:** Fans are very much welcome to come and watch, but they are to stay behind the line where the curtain is. **PLEASE DO NOT INTERFERE OR SOCIALIZE** with the players and subs while they are playing. **CHILDREN** are not allowed at the league except during the spring break week.

REMEMBER -- RELAX AND HAVE FUN!
