### ReDew Fest!

A special Edition In Honor of Dew Fest Ninty Five.

---

In Loving Adoration of Cody Howland, we decided to feed him in his hour of need. However, it seems that he soon acquired a fetish for the spoon and we had to stop.

The group shows their serious side. (no! NO! It's figure of speech! Not which way they're facing, silly!)

Does this remind anybody of a movie? Does it ring a bell?  
No that's not the name of the movie, just a clue!

In the midst of the fun and Confusion,  
It was often on our minds that Trent Was not able to  
be with us.

It is often what we see that is and what we don't see that is! (or something...)

## Current News Updates:

Welp, A lot has been happening and so has nothing!!!  
The main event was State Youth Convention '95, Breaking the Mold!  
(However we only had one pizza that was Moldy). I could try to highlight  
sum of the more interesting points of the convention, but that would  
take two many pages, so I will settle for won request. Would room 224  
please close the shades the next time they get out of the shower? (Not  
complaining, just asking!)

Trent was kind enough to ride down with us on the bus, but the  
rat fink didn't come back with us, oh well, I bet his butt wasn't sore!  
Kari T. Malsom was going to fly down on Saturday for a few hours, but  
that fell through. Oh, well. At least he tried! --<-(@

## Poetry by MRW

Since the beginning of time,  
Mankind has tried to rhyme.  
He even tried to make words sound the same.  
Butt sewn hee gought board uf thu gaim,  
Now, man makes funny phrases.  
And looks at the stars as he gazes.  
I know this all,  
Because I am the modern Poetry historical.  
of which I list in order, catergorical.  
It starts in the garden,  
When Adam saw a woman, beg your pardon.  
Then came the Duke of Buckingham,  
Who made poetry a bloody mess,  
And to that, I do atest!  
Playing his part came Shakespeare.  
A word thy gracious soul could thou not hear.  
And then came Coors, with that nasty tasting beer.  
But don't forget the future oh so near!  
That Treck is our Final Frontier.

## SOON!!!

It seems that there is only a couple more Volumes Before New  
Year's. And if we are to do anything about a party, we need some ideas  
very very soon! We want everyone to be there and everyone to have fun.  
So let's DEW it!!!
