

# Marshall County Skywarn Training Net Preamble

Attention all stations, Attention all stations. This **Your Call** . My name is **Your Name** and I am located in **your Location**, Alabama. The following is a training net session, not an actual activation. I will be your Net Control Station for this training Net session of the Marshall County SKYWARN Emergency Net. Is there any station with Emergency or Priority Traffic?

**(Pause 5 to 10 seconds).**

**(Pass Emergency or Priority traffic immediately if any is listed).**

Do I have a volunteer to be Assistant NCS?

**(Volunteer to assist in recording check-ins)**

This Net serves to support the public safety of Marshall County and its residents as well as the surrounding communities. The Net would be activated during Emergency situations in response to severe weather, natural disasters, or other civil disaster situations.

**(Pause - Allow the repeaters to drop a few seconds)**

We hope you will join us in our efforts to be a service to our communities. We use the Marshall County Amateur Repeater System of linked repeaters and remind you that the system needs a few seconds between transmissions to allow all the links to drop and outlying stations to break in. Also please wait a few seconds after you key up, before you speak, to allow the system to re-link so everyone can copy all of you transmission.

**(Pause - Allow the repeaters to drop a few seconds)**

Skywarn is a plan sponsored by the National Weather Service for the reporting of destructive storms or other severe, unusual, or abnormal weather conditions.

**(Pause - Allow the repeaters to drop a few seconds)**

We invite all amateur radio operators to check-in with us, and also invite you to check-in at future Net sessions. We also encourage
