

Guidelines for MPS employees for training in the National Incident Management training program

Most of these classes are available online through FEMA/EMI. I will provide a link to the site for the classes. When you have completed the classes, FEMA will send to you a certificate. Please forward a copy of the certificate to the Training Division. We should attempt to complete these classes by the end of 2006. When ICS 300 and 400 are offered we will let you know.
